

Determining Appointment Level (L1 vs L2)

Candidates will be assessed during the recruitment process to determine the appropriate appointment level (Level 1 or Level 2) based on demonstrated capability and Injury Rehabilitation Case Management experience.

Level 1 (L1)

Candidates appointed at Level 1 that:

- Demonstrate capability and potential aligned to the role
- Are developing practice and judgement in Injury Rehabilitation Case Management
- Have not yet accumulated the minimum 3 years' Injury Rehabilitation Case Management experience required for Level 2

Level 2 (L2)

Candidates may be appointed at Level 2 that:

- Demonstrate capability at an experienced level
- Have a minimum of 3 years' Injury Rehabilitation Case Management experience
- Apply professional judgement and confidence in managing Injury Rehabilitation case management activities
