# Your Official Information Act request, reference: GOV-018051

Thank you for your email of 2 May 2022, asking for the following information under the Official Information Act 1982 (the Act):

Could I please obtain the following information

- Sport related injury claims nationally from 2011 through to 2021 for the ages 9 through to 19.
- Could the data please be sorted by year, by age, and by gender.

On 4 May 2022, we emailed you to clarify your request. The same day you replied advising you would like claims data for the following sports: rugby; netball; football; hockey; basketball; badminton; volleyball; cricket and, touch.

# Please find the data request in the attached appendix

The data was extracted for accepted claims, lodged with ACC between 1 January 2011 and 31 December 2021, where the sport was one of those listed in your request, and the client's age was between 9 and 19.

## We are unable to provide claim counts fewer than four

Some entries in the table only indicate the claims count is fewer than four (denoted as <4). In other instances, cells are supressed and denoted as two dots (..). Withholding the data in this way is necessary to protect our clients' privacy. This decision has been made under section 9(2)(a) of the Act. In doing so, we have considered the public interest in providing the withheld data and determined that it does not outweigh the need to protect our clients' privacy.

# As this information may be of interest to other members of the public

ACC has decided to proactively release a copy of this response on ACC's website. All requester data, including your name and contact details, will be removed prior to release. The released response will be made available <a href="https://www.acc.co.nz/resources/#/category/12">www.acc.co.nz/resources/#/category/12</a>.

## If you're concerned about this response, please get in touch

You can contact our Media team at <a href="media@acc.co.nz">media@acc.co.nz</a>. You can also complain to the Ombudsman via <a href="media@ambudsman.parliament.nz">info@ombudsman.parliament.nz</a> or by phoning 0800 802 602. Information about how to make a complaint is available at <a href="media@acc.co.nz">www.ombudsman.parliament.nz</a>

**Acting Manager Official Information Act Services** 

Government Engagement & Support

**Title:** Sports claims for youth

Author: Analytics & Reporting, ACC

 Date:
 09/05/2022

 Email:
 analytics@acc.co.nz

Purpose: Official Information Act (OIA) Response

Period: 1 January 2011 to 31 December 2021

Basis for tracking: Registration date, payment date, sport, DOB, sex, primary diagnosis, primary injury site, location

Analysis tool: SA

**DWH load date:** 01/05/2022

### **Description:**

Sports related claims for 9 to 19 year olds.

### Notes about the data provided:

A calendar year is 1 January to 31 December.

Accredited employer claims have been excluded, as ACC hold limited data about these.

'New claims' have been counted by the date that ACC was registered. A claim can be registered immediately after the injury occurred or at any later stage.

'Active claims' are claims that generated a payment in the relevant calendar years. These claims were not necessarily registered, or had the accident occur, in the same calendar year. An 'Active claim' is counted once for each year it generates a payment.

Costs provided are exclusive of GST.

Costs are based on payment date. Payment date may be different to the date of service.

Costs do not include Public Health Acute Services (PHAS) payments. Treatment for covered claims in public hospitals is provided by an annual service agreement between ACC and the Ministry of Health, and is funded by bulk payments from ACC to the Crown.

The calendar year in which the service was paid may differ to the calendar year in which the service was provided.

A claim can cover multiple calendar years. In table 2, a claim which lasts longer than one year is counted as 'active' once for each calendar year covered. For example, a claim which lasted from 2019 to 2021 would be counted a total of three times, once for each calendar year.

Diagnosis and site are based on the client's primary injury. Claims may have multiple injuries; however, these secondary injuries will not show within this data extract.

Location is based on where an accident took place and may differ to where a client was residing at the time.

Data were extracted on 5 May 2022 and may differ if rerun at a later date.
