Nau mai, haere mai, we're glad to have you on board. This quick guide has information specific to your profession to help you start working with us successfully, including where to get information, when you need it.

Paying for your services

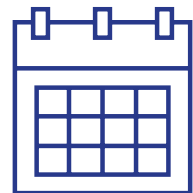

As a chiropractor, you'll be working under Cost of Treatment Regulations. That means what we pay for your services is set out in legislation. You can also use Telehealth where clinically appropriate.

Lodging and treating claims

The type of treatment and claims you can lodge depends on your scope of practice and type of annual practicing certificate. Chiropractor A includes non-spinal or extra-vertebral techniques/therapy (EVT) while Chiropractor B does not.

Extending treatment

If your patient needs 16 or more treatments, or it's been more than a year since an allied health provider first treated them or if you're changing a diagnosis, you'll need prior approval from us.
