

Welcome to the team

 Read time: 3 mins

Nau mai, haere mai, we're glad to have you on board. This quick guide has information specific to your profession to help you start working with us successfully, including where to get information, when you need it.

Paying for your services

You can either work under Cost of Treatment Regulations or a contract. What we pay under regulations is set out in legislation, whereas the rate for contracted providers depends on the contract held. You can also use Telehealth where clinically appropriate.

Lodging a claim

When you're lodging a claim for an injury or diagnosis, you'll need a Read Code to match it. These help us tailor support and care for your patient based on their needs. You can find a list of common codes on our website.

Get set up online

Submit invoices online and keep track of them using our eBusiness Gateway or your practice management system (PMS). Our online systems are easy to use, and you'll get paid faster than doing it manually.

Getting started as a podiatrist

Extending treatment

You may need to get prior approval from us before we can fund more treatment for your patient.

For regulation providers

You need to get prior approval from us when:

- the treatment trigger number of 16 has been, or is about to be, reached
- it's been more than a year since an allied health provider treated your patient for the first time
- you're adding or changing a diagnosis.

For contracted providers

You need to get prior approval from us when:

- the treatment trigger number of 50 has been, or is about to be, reached
- you're adding or changing a diagnosis.

Find out how to submit a request.
