

Welcome to the team

 Read time: 3 mins

Nau mai, haere mai, we're glad to have you on board. This quick guide has information specific to your profession to help you start working with us successfully, including where to get information, when you need it.

Paying for your services

You can either work under Cost of Treatment Regulations or a High Tech Imaging (HTI) contract. What we pay under regulations is set out in legislation, whereas the rate for contracted providers depends on the contract held.

Check the injury site

Before you provide any service, make sure you know what injury site your client is covered for. To do this:

- check your client's referral letter
- contact us by phone or through the eBusiness Gateway or your practice management system (PMS).

Get set up online

Submit invoices online and keep track of them using our eBusiness Gateway or your practice management system (PMS). Our online systems are easy to use, and you'll get paid faster than doing it manually.
